Haymond Personnel

About Haymond Personnel

Established in 2021, Haymond Personnel brings together over 30 years of recruitment experience. Since then, we've proudly partnered with businesses across Sydney, Illawarra, Canberra, Newcastle, Melbourne, and Brisbane as well as supporting regional communities connected to these key cities.

Our proven track record reflects a commitment to delivering tailored, professional workforce solutions that are transparent, reliable and efficient. We pride ourselves on long-term partnerships where clients feel listened to, respected and confident in our ability to deliver.

Our Services

Labour Hire

Our labour hire recruitment services place pre-screened staff at short notice, to ensure that your workflow isn't compromised and your operations are not interrupted.

[Learn More](#)

Temporary Recruitment

With a proven track record of meeting urgent recruitment requests, we provide the responsive support and staffing that businesses need to stay productive and competitive.

[Learn More](#)

Permanent Recruitment

Through rigorous screening and taking the time to understand your workplace culture, we provide permanent hires that are chosen for their adaptability and long-term success.

[Learn More](#)

Our Core Values

Transparency

We are committed to clear, open and honest communication. From initial consultation through to placement, our clients and candidates always know where they stand.

Respect

Every client and candidate is valued. We ensure all interactions are guided by fairness, dignity and professionalism.

Inclusivity

We create an environment where every individual feels welcome and respected.

Collaboration

We partner closely with clients and candidates, using open communication to achieve shared goals and strong results.

Integrity

We act with honesty and accountability in every interaction, building trust through consistent, ethical hiring practices.

We don't just build; we create spaces

Since 1966, our construction division has delivered inspirational and intuitive spaces for some of the world's biggest brands. We've presented bespoke spaces and won awards through our unique service offerings in construction, consulting, fitout, heritage and asset refurbishments, and modular construction.

During this time we've worked across a wide range of sectors including office, hospitality, health and aged care, retail, residential, and education.

Our story

Tony Schiavello, with the help of his younger brother Joe, founded Schiavello Group in 1966.

Our people

Our people are committed to growing lifelong relationships with our clients.

Our capabilities

Part of an integrated business, we're a construction partner with a difference.

QSE

At the start of every project, we ensure all aspects of safety, quality and sustainability are considered.

Our passion is your success

Our clients are central to everything we do. We have built a reputation for providing a bespoke range of product and service solutions for every client, tailored to suit their needs.

We thrive on technical, complex and detailed projects across a variety of sectors – applying our 'anything is possible' attitude to everything we do. Our construction services include design management, commercial fitout, construction, modular construction, Australian manufacturing, asset refurbishment, and heritage restoration.

Through a culture of learning and entrepreneurship, we continuously challenge our thinking, and work collaboratively with our clients, project managers and designers to deliver the best possible outcome.

Client focused

Our clients are at the heart of everything we do with 90% of repeat work.

More than construction

Gain access to our consulting, manufacturing, furniture, and design offerings.

World's best practice

With ISO and OFSC accreditations, we uphold the highest global system standards.

Meet the Team Behind the Screens

A Results-Driven Web Design & SEO Team That Gets You Noticed

We're Simone and Jordan, a Penrith-based web design and SEO team trusted by businesses across Australia. We work closely with growing businesses that need more than a good-looking website. They need clarity, structure, and results they can rely on.

With over a decade of IT expertise across web design, SEO, and digital strategy, we stay hands-on in every project. That means clear advice, practical solutions, and a website that supports your business as it grows.

[LEARN MORE ABOUT US](#)

We map out a clear plan

03

Content & Design

Crafting your copy and layout

04

Build & Review

Your website comes to life

05

Launch & Support

Go live and grow with ongoing SEO or care

About ET Security and Fire

ET Security and Fire is an Australian privately owned company with a history that stems back more than 20 years.

ET Security and Fire is a leading security integrator. We deliver small and large-scale security integration to industry. Our experience gives us a unique perspective on security and how best to integrate solutions in this evolving market.

We welcome the opportunity to share our knowledge, expertise, and service with you. We always ensure that we have access to the latest and most reliable security technology available.

Product Offerings

ET Security and Fire design, engineer, supply, install, commission, warrant and maintain integrated security solutions for both public and private sectors.

Integrated Solutions

Integrating your security solutions removes the hassle of managing several systems.

You can dramatically simplify access to facilities and networks, saving time and effort by allowing you to monitor all your systems from one place. You can increase surveillance efficiency by tying all your perimeter, intrusion and intelligent video surveillance systems together.

Some benefits to integrating security systems include:

- Monitor from a single location
- Track unusual behaviour
- Ease of single sign-on

Our product offerings include but are not limited to:

- Intruder detection
- Intercom systems and emergency communications
- Electronic access control systems
- Video surveillance systems
- Custom services
- Managed Services

If you have an existing security system in need of expansion, upgrade or enhancement, we can optimise your current security investment by integrating new technologies.

Our Processes

With constant review and refinement, we continue to improve what we do and how we do it, while meeting the changing and unique needs of our clients.

Our Approach

We believe that the application of a disciplined business methodology is the key to a long-term and successful security implementation. Our methodology links the goals of the security implementation with the governing goals of your business.

- + Business Baseline
- + Development Engineering
- + Design Engineering
- + Project Management
- + Site Implementation and Management
- + Commissioning
- + Customer Care

Documentation

ET Security and Fire provides complete project installation, maintenance and operation manuals upon completion of the installation, and as-built drawings.
